-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Response to Amendment*

1. Amendments to claims 1 and 7 have been entered in the above-identified application. Claims 3, 4, and 6 are canceled. **Claims 1, 2, 5, and 7-12 are pending.**

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1, 2, 5, and 7-12 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claim 1 still recites, "wherein the film or a precursor thereof is oriented on a molecular scale in one or more directions to provide a surface electrical resistivity " and claim 7 still recites "wherein the film or a precursor thereof is oriented on a molecular scale in one or more directions to provide a volume electrical resistivity".

There is no support for such an amendment in the original disclosure. Page 1, lines 35-38 state "optionally, a precursor layer to the final electrically conductive layer of the present invention is also stretched in one or more directions to provide the final

Art Unit: 1773

composition with a surface and/or volume resistivity". Hence, ***there is only support for stretching the precursor film in one or more directions.***

Applicants are required to cancel any new matter in response to this Office Action. Applicants are further reminded that any previous prior art rejections may be reinstated upon the cancellation of new matter.

### ***Response to Arguments***

3. Applicant's arguments filed on March 7, 2006 have been fully considered but they are not persuasive. Applicants submit that the claims have been amended to remove any new matter however the Examiner disagrees. As pointed out above, claim 1 still recites, "wherein the film or a precursor thereof is oriented on a molecular scale in one or more directions to provide a surface electrical resistivity " and claim 7 still recites "wherein the film or a precursor thereof is oriented on a molecular scale in one or more directions to provide a volume electrical resistivity".

Hence, the above rejection is maintained.

### ***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1773

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sheeba Ahmed whose telephone number is (571)272-1504. The examiner can normally be reached Mondays-Thursdays from 7:30am to 6:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carol Chaney can be reached on (571)272-1284. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
